April 23, 2017

Dear Parents,

February has been a very exciting and eventful month. We had the sport day which was successful as students and parents participated actively in the events. Houses and students who participated and won were presented with medals and certificates.

We also had the Parents Teachers Conference which took place on the 15th of February, 2017. The Kindergarten parents attended in order to discuss the progress of their children.

In Maths this month we focused on 2D shapes and

2 times table. Science was about Rocks and Water. Our creative writing lessons has become more interesting as we are learning how to use our VCOP for our stories. The students always look forward to our creative writing classes.

Next month, our **Science** class will focus on Natural Resources and Matter, in **Language Arts** we will be learning about the /ie/igh/ /i-e/ and /ow/ oa/ /o-e/ sounds, pronouns and proper nouns and in **Mathematics** we will be learning about 3Dimensional shapes, 5 times table, Money and Roman numerals. In **Social Stud-**

ies we would be learning about Community Helpers and the Rules of Our Community.

We will also be writing our Mid semester exams on the 27th of March, 2017.

Learners are encouraged to keep practicing their spelling words as this will help them develop strong spelling skills.

Warmest regards,

Ms. Liz Okoh and

Ms. Ann Eru .
